

## LEGENDA:

MELIORACJA

The diagram shows a horizontal row of ten blue dominoes standing upright. A vertical red line extends from the center of the first domino to the center of the tenth domino. A blue circle is positioned at the bottom of the red line, representing Earth's center. From the top of the red line, a blue curved arrow points downwards towards the tenth domino, representing the direction of gravitational pull. The dominoes are evenly spaced along the red line.
